

Marcy's Music Center

Lazar Rubin

Mini pianos, also known as toy pianos, are real instruments with a high, bright, bell like sound. They were invented in the 19th century and have since become popular for children and musicians alike. Despite their small size, they have full size piano keys.

Mario on Mini Piano

Isaac Kirshner

Jazz is a type of music characterized by syncopation (uneven musical notes) and a type of interesting rhythm which emerged during the 20th Century.
